**Rules and information: HARD HATS to the current standard MUST be worn by anyone mounted on a horse/pony.**

- Please clean up droppings from the car park (there are bins around the parking area). Do not leave horses tied outside of trailer/lorries.
- Please do not litter but take your rubbish home. ALL horses/ponies must be 4 years or older to jump.
- Jumping classes to be held under BRC rules
- Hair must be secured above the collar.
- Only three rounds per Horse or Pony allowed.

**This rule will be adhered to in the strictest form so please make sure you are aware.**

- **Whips (Show Jumping and Cross-Country)** One whip is permitted and must be between 45cm and 75cm and must not be weighted or feature a hard point at the end. The end of the whip must be padded. The 'pad' must be smooth with no protrusion or raised surface (which includes embroidery) and be made of a shock absorbing material throughout its circumference. No substitute for a whip may be carried.
- 1.1: Whips The use of the whip must be for an appropriate reason, at an appropriate time, on the correct area of the horse and with the appropriate level of response.
- Appropriate Reason: The whip must only be used as an aid to support the natural aids in encouraging the pony/horse forward, or to help the rider to encourage the pony/horse in the right direction. For example, it may be used down the shoulder to keep a horse straight on the approach to a fence.
- It must never be used to vent a rider's temper; any use for such a reason is automatically excessive. Appropriate Time: As an aid, the appropriate time is when the pony/horse is reluctant to go forward under natural aids i.e. seat and legs. Its use, for instance, after a refusal is excessive.
- Its use after elimination is excessive.
- Right area of the horse: As an aid to go forward the whip may be used down the shoulder or behind the rider's leg.
- The use of a whip on a pony's/ horse's head or neck is always excessive use.
- Appropriate Level of Response: the whip should never be used more than three times during any incident; and if the pony/horse is marked by the whip (skin broken or a welt) its use is excessive.
- (The rider is expected to know if the pony/horse has sensitive skin and must use the whip accordingly). The arm should never be raised above the shoulder whilst using the whip. The whip should always be carried and used in the backhand (handle pointed upwards) position and never in the forehand position (handle pointed downwards). Misuse of a whip: If, in the opinion of the judge/official, a whip is misused/ overused the rider may face up to 25 penalties or disqualification at the discretion of the Official Steward
- Prizes may be withheld/substituted if insufficient entries.
